

Business Services & Outsourcing

A STRONG PARTNERSHIP WITH YOUR BUSINESS

Our outsourcing specialists provide a single solution to address your business and accounting needs. We will provide you with a complete outsourced service managed by a single dedicated team, under one contract for multiple jurisdictions to ensure clear communication and 24x7 control, wherever you are, or want to be, in the world.

Our service offering

We offer a detailed, bespoke and personal service focused on your needs, embracing new tools and technology to provide the quality of service you expect from BDO.

We pride ourselves on a personal approach focused on your business needs and bringing real, practical solutions. As an integrated part of BDO, we bring the broader expertise of one of the world's leading advisory firms to help you solve any business challenge you are facing.

 Bookkeeping services	 Management reports	 Automation of accounting systems
 Annual financial statements preparation	 Audit or liaison	 Covenant reporting
 Tax reporting	 FATCA/CRS	 Secondment services

A complete outsourced service

Our services can be delivered by on-island or off-island experts but are managed centrally by a locally based Director, ensuring a single point of contact along with comprehensive reporting and compliance visibility.

This guarantees clear communication and 24x7 control, regardless of your location or desired expansion. Every aspect is director-led and thoroughly checked by directors before reaching you, leaving only the final review in your hands. You can choose a blend of on-island and offisland teams or opt for either a local or outsourced team.

Our fully managed service and outsourcing partnership are offered on a package fee basis, considering the volume and complexity of the work. Flexibility in commercial arrangements depends on your requirements, whether fixed fee, outcome-based, or day rates, ensuring you maintain control of budgets and costs.

Why outsource to BDO?

Exceptional service quality

We have specialist understanding of accounting matters and ensure our work meets the highest standards and passes a rigorous four-eyes review.

Scope of support

Beyond outsourced business services, we provide multi-disciplinary advisory solutions including tax and technology services.

Flexibility

Our services can support a specific group of cases, assist you with temporary staffing problems or take over your whole accounting function.

Efficiency

Our team facilitates rapid support setup for new client and service introductions, as well as product launches, allowing you to focus on specialised, strategic tasks.

Risk management

We effectively mitigate key person dependency risks and the risk of ensuring sufficient staff cover during periods of team absences.

Control

You can request and transfer our teams' services with as little as one months' notice.

Regular reporting

Our work is tailored to meet your needs. You will have a virtual accounting function.

Cost effective

We provide a cost effective solutions by leveraging both local and global scales, eliminating training and recruitment expenses.

Your one-stop outsourcing partner

As one of the world's largest accountancy networks, you can be confident that we operate in the areas that are important to you now and where you want to be in the future. Bringing together the very best from across the global network to support your needs. We have many clients across the globe, ranging in size from multi nationals to midsized firms, which are happy to share their experiences of working with us.

Our other outsourced services that our group can provide include:

Tax services

Our services include the calculation and submission of direct and indirect tax returns, managing local tax audits, and preparing tax provisions. Additionally, we offer advice on options for local entity setup, assisting with entity incorporations, and handling indirect tax, corporation tax, and payroll registrations.

Technology services

We are the only local professional services provider capable of deploying a full suite of Advisory, Technology, and Assurance solutions to transform businesses and help them thrive in an ever-evolving market.

As the only accredited Microsoft Consulting Services partner in the Channel Islands, our local team with global credentials offers a comprehensive range of services. These include Managed Services, complex AI deployment, digital business enablement, and cyber-security, ensuring we meet all your technology needs with expertise and precision.

IT & data protection

We are registered with the Jersey Office of the Information Commissioner and have a dedicated Data Protection Officer. We enforce strict security settings to ensure each user has access to only the information you specify, protecting confidential data. Contingent on the clients' IT capabilities, remote log-in and systems preferences, we can use the clients' accounting systems remotely or from their office.

Our teams are trained on bespoke accounting software and off-the-shelf standardised packages such as Quickbooks, Xero, eFront, etc.
